

Dear Fellow Sonomans (those of you from Sonoma, that is),

We would like to introduce to you to Noma Girl Events! As you know, "Noma" is local slang for Sonoma. It's a term we used to throw around as kids and as teenagers; now as professional adults we feel it still fits our way of doing things. At NomaGirlEvents, we feel the NEED to bring fun and casual friendliness into everything we do .

Our References are strong both professionally and personally. Combined, we have over 30 years of experience working in the event planning and hospitality industry throughout Sonoma County, the San Francisco Bay area and Santa Cruz. We have planned a variety of events including: weddings, sold -out club and Dj events, formal engagements, restaurant grand openings, New Year's extravaganzas, corporate team building and creative staff parties such as paintball, live karaoke bands, ropes courses and rock 'n roll bingo.

We have resourses, local connections and the skills to execute your unique ideas into your next party or event. Please feel free to contact us with any questions you may have!

We can work with almost any budget to make your dream wedding, sweet sixteen party , retirement party or any other event come to life!

## NomaGirls know Sonoma!
