

Fleurs de France

*Wedding Florist and Event Design
Sonoma & Napa Wine Country*

From the Studio...

We are winding down an incredible 2007 season; we had many exciting and beautiful weddings with gorgeous flowers!

I first want to thank all of the couples who trusted me with this very important component of their wedding. It was fun, I *loved* creating your wedding flowers. Your thank you notes and beautiful photos were awesome and inspiring.

A little bit about me and my work for new couples who are searching for just the right floral designer... simply put, I love weddings, parties and events! I feel fortunate & privileged to do what I love, which is creating art and beauty with flowers, and being part of your special day.

Every event is one-of-a-kind, unique. There are *no* rules; each event offers new and exciting possibilities. Your vision of your wedding day reflects your personality and this is what keeps things exciting for me as a floral designer.

It is my philosophy that every detail is important... each bouquet, boutonniere and centerpiece. Each floral piece is a work of art I create especially for you. I want your wedding to be *magical and perfect*.

Whether your event is intimate or a lavish affair, whether you want whimsical pieces, something formal and romantic or a modern creation, Fleurs de France is the place for you!

Pictures are worth a thousand words and they best describe what I do. I hope you will take some time to visit our website and enjoy the images we have from a variety of events.
