

Wayne Sutton & The Shades of Sinatra Band

Dance Band, Swing/Big Band, Jazz/Blues, Vocalist

The band includes keyboards (or piano), bass, drums, horn player and 2 vocalist, including Wayne. We can add or subtract musicians depending on your needs. We take pride in keeping the dance floor full. Our female singer does all of the R & B standards and our keyboard player is able to do all the old time rock and roll. We cover everything from Sinatra, Elvis, Aretha. We are also glad to add songs to our songlist with advance notice.

On the breaks we bring an ipod with the top party Dance music on it that we don't play as a band. We would be glad to either add songs that you wanted in advance. Our dance break music is programmed in 15 minute segments and includes fun songs like...

HOT HOT HOT
MACARENA
SHOUT
DON'T CHA
MONY MONY
BILLY JEAN
STAYIN ALIVE
THE TWIST
IN THE MOOD
YMCA
ACHY BREAKY HEART
BRICKHOUSE
PLAY THAT FUNKY MUSIC
GIRLS JUST WANT TO HAVE FUN
SING, SING SING

We also have appropriate background music for during dinner or for the quiet times. We have done 100's of weddings & corporate events all over Northern California. We are used to doing the first dances and special requests along with acting as mc under wedding coordinators or just following the bride and grooms advance requests.

Testimonials.

We really enjoyed the music of Wayne Sutton and his band. We were able to pick songs to be played at the event. The only complaint was he ended too soon. The dance floor was packed! The complaint is really a compliment cause we didn't want the music to stop. He was a pleasure to work with and I would recommend the band.

Wayne & the Band were a joy to work with. They have played our holiday party for several years. Always professional and accomodating we look forward to many more parties with the Shades of Sinatra band.
