

# Mitch Landy, harpist

*A harp creates a mood – romantic and blissful – like no other instrument.  
All the joy, the love, the hopefulness of the occasion can be expressed in the music.*

A prize winner on Celtic harp at the 1995 International Pop & Jazz Harpfest, Mitch Landy now focuses his talents on the rich harmonic potential of the pedal harp, arranging jazz classics from the twenties and thirties, along with contemporary songs, and improvisation; and of course, classical pieces, including his own compositions. Never limited to the existing repertoire of published harp music, Mitch continues to perform predominantly his own arrangements. (The catalog of his compositions and arrangements in print includes more than thirty titles.) Mitch brings a style of his own to everything he plays.

With almost twenty years experience, Mitch is not only an artist, but an expert in providing music for weddings and all special occasions. Having played for weddings, banquets, and parties all over the greater Bay area, Mitch has gotten warm receptions at wineries, hotels, clubs and in private homes.
