### Testimonials...

*I have not been in touch with you in almost two years since you preformed our wonderful and eternally memorable wedding ceremony. Leo and I were married on Jan. 15, 2006 at the Julia Morgan Ballroom in San Francisco (just to give you a context of who I am) and you created for us such an exquisite, personal, meaningful and moving ceremony despite your having a flu and feeling totally sick before hand (which we never would have guessed until you told us days later, and no, neither of us got sick then.)*

*Anyway, we are at a new milestone in our lives as I am pregnant with a baby boy. He is due in mid-March.*

*Yes, we are walking in heaven. Our families loved the ceremony; we couldn't be happier. You were amazing, thank you for everything. We feel very blessed.*

*All our love, Brett & Stacy*

*I am a wedding photographer seeking an officiant for friends. In all my years of attending and photographing wedding ceremonies, I have witnessed a wide range and quantity of officiants. Sara, I honestly want you to know that you were my favorite of all those I have ever met. Your weddings are spiritual and bring in strong divine energy. The experience of what you contribute to the couple stands out in my memory as unique and unmatched. You are the real deal.*

*You are one of the most inspirational people we've met and can't thank you enough for your time, energy, and spirit you have shown through our few little pow-words. We both love you and can't wait to see you again. Thanks for being you.*

*[My husband] and I are coming up on our 7th anniversary. I have thought of you so often over the years and each day celebrate the wonder of our wedding and our marriage. You helped us create something amazing.*

*You were a wonderful guide for us as we stepped forward to prepare ourselves with what and how we wanted our wedding, and with the surprises that came to us on that day and each day after. I mostly wanted to thank you, Sara, for such a precious ceremony for this couple who has deep faith in our marriage, our friendship and each other. Many blessings to you as you have given us!*

*Erin and I were both really thrilled with the ceremony you created with us. I'm happy to hear that you got some amazing feedback from guests. I can easily say that the wedding was the happiest day of my life. We recorded the wedding and we enjoyed replaying it on our honeymoon. It was such a special day. Thank you for the essential part you played.*

*I had heard a rumor that you stayed late into the evening, but I wasn't sure, until now, that it was true. How about that! I'm glad you had a good time. God knows, we did! That sure was a good band, wasn't it?*

*The whirlwind that has been our life continues, though I think we are approaching the ground again. After the wedding we spent a week in Kauai, then, last Sunday, flew directly to our new home in Seattle. Erin has already started her Family Medicine residency and I am busy unpacking boxes and beginning to think about a job search. This certainly is an exciting time for us.*

*Thank you for the sweet message. All the best to you.*
